WITNESSES RECALLED THE STATE IS LOSER.

Usual Corrections Made in Testimony in Schley Inquiry.

SEVERAL TESTIFIED.

Nothing Sensational Was Revealed, but Much Interest Manifested—Lemly Says He Has More Witnesses Yet to Introduce.

Washington, Oct. 4.—The Schley court inquiry began proceedings today with recall of witnesses who were on the stand Thursday and after they had corrected their previous testimony and made such additional as suggested they were excused and new witnesses introduced.

The list of available witnesses on hand include Captain Raymond B. Rodgers, who was executive officer of the Iowa during the Santiago campaign; Ensign, now Lieutenant, M. L. Bristol, who was watch and division officer on the Texas, and officer on deck of that vessel when the Spanish ships came out of Santiago harbor; Lieutenant Commander Albion C. Hodgson, who was navigator on the Brooklyn and whose testimony is looked forward to with much interest because of his correspondence with Admiral Schley, and Lieutenant C. W. Dyson of the bureau of steam navigation.

Captain Lemly still has quite a long list of witnesses before him, and it is said he will probably not be able to conclude a presentation of the case for the department before the middle of next week.

Lieutenant Dyson, who was on the witness stand Thursday, was recalled and testified as to how long the coal supply of the flying squadron off Santiago would have lasted under a forced draft. Commander Raymond P. Rogers, who was executive officer of the battleship Iowa during Spanish war, was the next witness. His testimony did not vary materially from that of former witnesses and was not of special importance.

Washington, Oct. 4.—After Lieut. Doyle, formerly of Commodore Schley's flagship, the Brooklyn, had completed his testimony before the Schley court of inquiry yesterday, Captain William C. Dawson of the marine corps was called, and was followed by Lieutenant Chas. W. Dyson of the bureau of steam engineering of the navy department.

Captain Dawson was signal officer on board the battleship Indiana during the naval engagement off Santiago and he gave an account from recollection of the behavior of the various ships of the various ships of the American fleet during the battle. He said the Brooklyn had gone about 2000 yards to the southward before joining in the pursuit of Cervera's ships.

Schley's Retirement.

Washington, Oct. 4.—Next Wednesday Rear Admiral Schley will retire from the active list of the navy by the age limit, and from the present prospects this will take place while the court of inquiry is still in session. His retirement will promote two captains to be rear admirals.

STATE TICKET NAMED.

Josiah Quincy Nominated for Governor of Massachusetts by Democrats.

Boston, Oct. 4.—The Democratic state convention held here nominated the following state ticket:

Governor—Josiah Quincy of Boston. Lieutenant governor—John W. Ooughlin.

Secretary of state—Wilmot B. Stone. Treasurer—Joseph I. Chalfoux. Auditor—James F. Dean.

Attorney general—A. A. Putnam. For the first time in six years the Democracy of the state was united, and with one exception nominated the entire ticket by acclamation. The exception was for the head of the ticket, the contestants being Hon. Josiah Quincy, former mayor of Boston, and Camille Bradford of Wellesley.

The contest was one sided, however, and while it provoked considerable warmth of temper from the Bradford adherents, the vast majority of the delegates did not treat the matters seriously and when the ballots were counted, ex-Mayor Quincy received 1256 and Mr. Bradford 174.

The platform laments the assassination of President McKinley, whose distinguished public and private virtues and the eminent place which he had won among American statesmen are recognized.

Governor Crane Renominated.

Boston, Oct. 4.—The Massachusetts Republican state convention held here today nominated a full state ticket and also presented a platform of principles. Governor W. Murray Crane was renominated by a rising vote.

Unclassified Mineral Lands Open to Actual Settlers.

BIG CLAIM LOCATED.

Parties Will File on Land in Brewster County on Which Are Deposits of Cinnabar—Interest Payments on Lands.

Austin, Oct. 4.—Acting under an opinion which Attorney General K. C. Bell has prepared, and which he will submit to State Land Commissioner Rogan, to the effect that lands which have not been classified by the geological survey as mineral lands, are subject to location by actual settlers as agricultural lands and not subject to rule as mineral lands, parties represented by Judge W. VanSickle of Alpine have just located on a large lot of land in Brewster county. This is in the cinnabar belt and is believed to be worth many hundreds of thousands of dollars, and perhaps millions, should this cinnabar deposits come up to the surface indications.

A large number of similar applications for these lands will soon be made as soon as the opinion of the attorney general on the subject becomes public. The school fund is much the loser by this opinion, as it precludes the sale of the land at anything near its value.

Interest Payments on Land.

Austin, Oct. 4.—This is the last month in which interest can be paid on purchases of school lands, and already the treasury receipts are increasing from this source. Interest receipts now average \$5000 per day, and by Oct. 15 they will easily go to \$10,000 daily and continue that heavy until Nov. 15.

It is estimated that the annual interest receipts amount to \$500,000, which is collectable Nov. 1. The receipts from land leases also approximate \$500,000, but they are paid throughout the year. The lease money is paid every twelve months, but on the date of the execution of the lease, and leases are made nearly every day. It is different with interest payments, they being made on Nov. 1, regardless of the date of the sale of the land.

Some Contingent Expenses.

Austin, Oct. 4.—The contingent expense accounts of the second called session of the legislature have been rendered to the comptroller. The account of the senate with one Austin firm, covering a period of 18 days of the session, shows that \$7.50 was expended for shoe polish, 25 cents for shoe polishing cloth, \$8 for soap, \$2.50 for matches, \$12 for chlorides to be used for disinfecting purposes and \$2.10 for one-half dozen maps. The amount paid for washing towels of the senators and lieutenant governor was \$23 during the second called session.

Three Commissioners Named.

Austin, Oct. 4.—The governor has appointed General T. N. Waul of Neyland, Hunt county; Captain William Christian of Houston and Captain T. A. Hill of Weimar as members of the commission to co-operate with the National Park association in determining the position of Texas organizations in defense of Vicksburg. The appropriation act provides for the expenses of the commission.

Diningroom Girls Strike.

Austin, Oct. 4.—The dining girls of the state lunatic asylum struck Thursday because of alleged insufficient help, there being 13 waitresses for 850 patients.

PRISONER A WOMAN.

She Had Served Nearly a Year in Prison in Male Attire.

Helena, Mon., Oct. 4.—A grand jury was empaneled in Judge Smith's court Thursday to investigate the lynching of James Brady, charged with assaulting a 5-year old girl and who was hanged by a mob early Thursday morning. The judge in instructing the jury said:

"I cannot believe that the mob was composed of any but the lowest element of society, but if you find upon investigation that others took part, I charge you not to allow that fact to influence your final determination. All persons who took part in the killing of Brady are murderers and if you find out who they are it is your duty to indict them."

AGAINST LYNCHERS.

Judge Smith's Severe Charge to the Grand Jury at Helena.

Lincoln, Oct. 4.—For 11 months the officials at the Nebraska state penitentiary have supposed that a prisoner, known as Burt Martin was a man. The discovery that the convict is a woman and that her real name is Lena Martin, was made two days ago by the prison physician. She was tried and convicted at Springfield, as a man for horse stealing. Recently her cell mate intimated to the guards that an investigation would not be barren of developments.

Why not raise enough to bring a reasonable load to market when you come? Will it not pay better than to take the time to bring a little lapful? Go into the matter to make money and not simply to try an experiment. You may have the quantity too small for fair experiment. Farmer.

THE OPENING ATTRACTION.

Manager Nankeville of the "Human Hearts" company, billed at the opera house Monday night, Oct. 7, announces a virtually new production of the play. He has procured special new scenery to adequately stage it and a company of competent players. He has omitted nothing in the details. A rare performance is therefore assured. After five con-

IMPORTANT CHANGE.

Marginal Readings to Be Substituted for Scriptural by Episcopal Church.

San Francisco, Oct. 4.—The house of bishops of the Episcopal triennial convention has, by a vote of 47 to 21, decided to accept the report of the committee appointed at the last convention to report on marginal readings that may be substituted for present readings of scripture. With a concurrence of the house of deputies the action of the bishops will become a canon of the church in America. From the attitude of bishops on this matter, it is supposed that a majority of the higher house is inclined to be liberal and less orthodox as opposed to desires of those churchmen of both clergy and laity, who desire high church forms and observances and the changing of the name from Protestant Episcopal church to Catholic Church of America.

The resolution in full reads: "Resolved, the house of deputies concurring, that marginal readings of the English version of Old and New Testaments, reported to this house by the joint commission appointed in 1895 and reappointed in 1898 to make such report to be published under the direction of said commission and are hereby allowed to be used by ministers of this church in reading lessons from the holy scriptures in morning and evening prayer."

ALGIERS DRY DOCK.

Will Be Started from Baltimore for Algiers in About Ten Days.

Washington, Oct. 4.—With a general agreement reached by the insurance companies, which is expected on the day fixed by the builders, the largest floating dry dock in the world will start from Baltimore on Oct. 15 on a hazardous trip down the Atlantic and around through the gulf, and up the Mississippi river to its new station at Algiers, La.

A conference has been held this week between a representative of the firm building the dock and Admiral Endicott, chief of the bureau of yards and docks, and an agreement reached to start the dock away. It is said that all the companies having insurance on Oct. 15 and the big basin will float off then.

The work of preparing it for the cruise will begin at once. This dock has a lifting capacity of 17,500 tons and is by far the largest in the world. It is the design of two Englishmen, Clark and Stanfield.

The great mass of steel, inclosed on all sides, is longer, wider and deeper than the greatest warship ever built, and cost the government over \$1,000,000.

Sultan of Jolo Refused.

Manila, Oct. 4.—The congressional party, on arrival at Jolo, was refused an interview with the sultan, who claimed sickness as an excuse. Natives say the sultan is well and that he had other reasons for refusing to receive the visitors.

General Hughes cabled from the island of Samar that Palangina, where the disaster to company C of the Ninth regiment occurred, is deserted and in ruins and that Colonel Isaac D. Derussy of the Eleventh infantry who, on hearing of the slaughter immediately started for the scene with a battalion, is closely following the rebels.

Will Exact Full Justice.

London, Oct. 4.—"The United States government is determined to exact full justice upon every one concerned," says the Constantinople correspondent of The Daily Telegraph, "and if anything happens to Miss Stone, it will not hesitate to ask permission to bring a fleet through the Dardanelles to get at the Bulgarian ports on the Black sea and to force the Bulgarian government to act against the Macedonian committee."

Medal for Hewitt.

New York, Oct. 4.—A gold medal has been presented to ex-Mayor Abraham S. Hewitt by the Chamber of Commerce in recognition of his service in the cause of underground rapid transit in this city. On the face of the medal is the inscription: "By his genius, benefactor of the city and conservator of public property, aged 78 years." The obverse bears the inscription: "Chamber of Commerce of the state of New York—Rapid Transit."

Mileage of Railways.

New York, Oct. 4.—Advance sheets of the introduction of "Pools' Manual for 1901" have just been issued. There was an increase in railroad mileage during the year of a little more than 3500 miles, bringing the total mileage completed on Dec. 31, 1900, up to 194,321 miles. The advance sheets show an increase in gross revenue of over \$65,000,000 and a gain in surplus of \$24,000,000.

Murdered in the Calaboose.

Huntington, Tenn., Oct. 4.—A gang of eight or ten men broke into the calaboose here and shot to death a negro named Walter McClenn who had been arrested for an assault committed upon G. B. Dalton, a prominent citizen. The citizens are indignant over the murder and the man who is said to have incited the riot has left the country.

No Evidence to Hold.

Ardmore, I. T., Oct. 4.—The alleged slayers of Deputy Marshal Poe, B. W. and Ben Taylor, George Bruner and an Indian named Yabee, were given an examining trial here and were released, there being no evidence against them. Poe was killed on a train near here while trying to make an arrest.

Receipts for Nine Months.

Anstin, Oct. 4.—The receipts of the secretary of state's office for the nine months ending October were \$928,000.

CAUSING UNEASINESS.

Story That King Edward Has Cancer Is Believed by Some.

London, Oct. 4.—The announcement of King Edward's indisposition, with the publication of revived rumors regarding his suffering from cancer in the newspapers of Copenhagen, from which city he has just returned, and where the secrets of the British court are more likely to leak out than elsewhere, is causing some commotion here. In fact, the customary court circular does not appear in the morning papers, adds to the uneasy feeling which is not allayed by an explanation of the king's indisposition given by Sir Francis L. Waing, his majesty's physician. Sir Francis is in no way a specialist and is paying merely a social visit at Valmaal.

A story is in circulation among the clubs, purporting to come from a titled member of the late Queen Victoria's household, giving color to the cancer story and saying court circles are discussing the possibility of no coronation taking place next year.

Summoned to the King.

Aberdeen, Oct. 4.—Sir James Reid, a distinguished physician, who is staying in this vicinity, has been summoned to Balmoral. The Aberdeen Evening News says King Edward is suffering from lumbago.

A NARROW ESCAPE.

Airship Inventor Saved from Drowning by His Life Preserver.

Vienna, Oct. 4.—Herr Kress, inventor of an air ship, has had another disastrous trial flight on the Tullner Bacher reservoir. After going a short distance Herr Kress started his motor at full speed ahead which caused the forward part of the flying machine to rise about 35 centimeters out of the water. On rising in this height the whole machine suddenly lost its equilibrium and swung over to the right. This caused it to fill with water, and it sank like a stone.

Herr Kress, who was alone in the flying machine, was carried down with the ship, but the life preserver he wore brought him to the surface and he was able to grasp the poles, which the officer and engineer held out to him.

The aged inventor, for he is over 70 years of age, was in a very exhausted condition and had sustained some slight injuries.

WOOD BENSON DEAD.

Was First Locomotive Engineer to Run Regular Trains in America.

New York, Oct. 4.—Wood Benson, 95 years of age, is dead at the Alms house here. He went to the Bellevue hospital on June 25 suffering with a scalp wound and asked for treatment. At the hospital it was found that his general health was poor and as he had no one to whom he could refer and no home, he was sent to the Alms house. At that institution Benson told the keepers that he was the first locomotive engineer to run on regular trips in America. He also related many anecdotes of his experience in railroading and gave the names of several prominent men who, he said, had been close friends of his. When he died, some of the men mentioned as living in the city of Washington were communicated with and they at once sent word that they would bury the body of the nonagenarian.

PLEA FOR CZOLGOSZ.

Social Alliance Getting up a Petition for Commutation of Sentence.

Boston, Oct. 4.—Although Governor Odell of New York has stated emphatically that he will not consider any petition for a commutation of Czolgosz' death sentence to life imprisonment, the Social Alliance of this city is circulating a petition of this nature for signatures in Boston. Its secretary is Theodore W. Curllis. The petition is a long one, and includes this sentence: "The motive of the petition is no sentimental sympathy with a condemned man, much less the upholding of any form of anarchism of which he is said to have been a disciple, but the belief that the ends of justice, the vindication of the law and the higher interests of civilization will be better served by this change in the form of the penalty."

MR. GREEN SERIOUSLY ILL.

He Has Been in Failing Health a Long Time at Bellows Falls.

Bellows Falls, Vt., Oct. 4.—Edward H. Green husband of Hetty Green, is reported very ill at the Green home here. He has been in failing health for months, but was improved on Monday when Mrs. Green returned to New York after spending the summer here. On Wednesday Mr. Green's condition took a decided change for the worse, complications setting in, and Mrs. Green was hastily summoned from New York. The only son, E. H. R. Green of Texas, is on his way here. Mr. Green was one of the pioneers in the East India trade and accumulated a fortune in the tea business.

Run Over by a Train.

Plano, Tex., Oct. 4.—Eugene Schutte, a young man about 18 years old, of Honey Grove, while trying to get aboard a central north bound fair train as it was pulling out of the station here, fell under the wheels of the coach and was instantly killed. He was a passenger on the train that killed him, returning home from the state fair.

Arm Mangled in a Gin.

Tyler, Tex., Oct. 4.—Malcom Pickel, got his right arm cut to pieces in a cotton gin here. It was amputated near the shoulder and his recovery is doubtful.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get all Dr. G. G. Green's reliable remedies at the Wilson-Jenkins Drug Co.'s store, Bryan. Prof. Fred W. Mally, state entomologist, returned yesterday from Sherman where he went to get an early start in his fight against the green bug or aphid. He says it is too early yet to accomplish anything, especially in view of the fact that planting is later and the wheat crop will not be more than one-third or one-half the acreage of last year. He says he intends to watch the wheat pest closely and begin the fight immediately upon its appearance.

—of land for sale by—
MONROE EDGE
(THE ONLY ACTIVE)
REAL ESTATE MAN

In this part of the state. If you have a few pennies in your hands, hunt him up and be made happy by buying a home for himself and his family. If you have lands for sale, see him, but remember his time is money and he will not monkey with your stuff if you want to price for it. He makes a specialty of handling large tracts of land several of which are not on this list. There is no use fooling away your time trying to sell your land when he can sell it in a few days if your price is right. —the people know he has property at the right prices and they look him up when they want to buy.

KRUGER IS FAILING.

His Physical and Mental Condition
Gradually Weakening.

DENIES HE IS SICK.

It Is Said His Hatred for Great Britain
Keeps Off the Collapse—The Boer
Losses in the Fight at Fort
Italia Garrison.

The Hague, Oct. 4.—A. D. Wolmarens, one of the Boer envoys who has been visiting Mr. Kruger at Hilversum, found the mental condition of the former president of the Transvaal, to be by no means satisfactory. Kruger is slowly growing weaker, physically and mentally. His slowness in reaching decisions on important questions is found to be a serious hindrance to those working in Europe in behalf of the Boer cause. On the slightest question regarding his health Kruger exhibits intense irritation and vehemently denies anything is wrong. The approach of winter causes anxiety, as Kruger refuses to leave Holland.

According to a remark made by a prominent Boer, the former president's condition would long since have been much worse if the hatred of Great Britain did not nerve him to continue.

WAS A FIERCE FIGHT.

Boers Lose Heavily in the Engagement
at Fort Italia.

London, Oct. 4.—A dispatch from Dundee, Natal, to The Times, says the Boer attack on Fort Italia has proven to have been a far bigger engagement than could be gathered from the first reports. The casualties on both sides indicate the fierceness of the struggle.

The Boer casualties are now estimated at over 400. The British prisoners saw 60 Boers buried on farms, and assisted in carrying off 75 wounded.

The Boer prisoners said they expected to find Fort Italia garrison only 100 strong.

The burghers lost more men than in any previous action this year.

There seems no doubt, says the Times correspondent, that the Boers intended a combined invasion of Natal east and west.

It is stated that General De Wet ordered the burghers in the northwestern part of Orange River Colony to concentrate at Talkop, but up to now the only result of the movement has been the isolated invasion of Natal by a small commando, which can easily be driven back.

British officers who were recently prisoners say that General Botha's men and horses are in good condition, but the men's clothing were in a poor state. The British prisoners have been deprived of nearly everything they possessed.

The main body of the Boers is still near the Zululand frontier.

KEKEWICH SURPRISED.

Boers Used Their Cunning Tactics in Attacking Him.

New York, Oct. 4.—Discussing the military situation in South Africa, the London correspondent of The Tribune says:

Colonel Kekewich's force was surprised by Commandant Delarey, as was suspected by military men when the earliest bulletins, bearing the marks of close revision by the war office, were published.

While this engagement supplies fresh proof that scouting is either a lost art or else ineffectual against the steel, the approach mobile and crafty foes like the Boers, the veterans are satisfied with the fine fighting form displayed by Colonel Kekewich's command. They assert that the British army had grown stale while only half employed in watching railways and moving across long stretches of empty country, where the Boers eluded pursuit and would not stand, but that it is now again on its mettle when there is real fighting. Col. Kekewich is regarded by South Africans as a vigilant officer, with a narrow mind and lack of flexibility. While he defended Kimberley successfully, it was Cecil Rhodes who recruited the volunteer force of colonials and imparted courage to the people of the town. Colonel Kekewich did not get on well with Mr. Rhodes, who was the real defender of Kimberley. There is a story that when General French entered Kimberley, Colonel Kekewich asked him to put Rhodes under arrest, but was laughed at. He has been one of Gen. Kitchener's trusted lieutenants, as an experienced officer who thorough understands Boer tactics.

TREASON TRIALS.

It Is Asserted That Ten Boers Will Be Found Guilty.

London, Oct. 4.—The correspondent of The Times at Pretoria says the treason trials have revealed the presence of large numbers of sedition makers who have not only taken the oath of allegiance to the British crown, but who, in many cases, have been receiving relief from the British authorities. In spite of this, they communicated freely with friends in the commandoes in the field, feeling confident that they would be treated leniently if caught. There is no doubt, according to the correspondent, that 10 of the men on trial will be proven guilty.

WITNESSES RECALLED THE STATE IS LOSER.

Usual Corrections Made in Testimony in Schley Inquiry.

SEVERAL TESTIFIED.

Nothing Sensational Was Revealed, but Much Interest Manifested—Lemly Says He Has More Witnesses Yet to Introduce.

Washington, Oct. 4.—The Schley court inquiry began proceedings today with recall of witnesses who were on the stand Thursday and after they had corrected their previous testimony and made such additional as suggested they were excused and new witnesses introduced.

The list of available witnesses on hand include Captain Raymond B. Rodgers, who was executive officer of the Iowa during the Santiago campaign; Ensign, now Lieutenant, M. L. Bristol, who was watch and division officer on the Texas, and officer on deck of that vessel when the Spanish ships came out of Santiago harbor; Lieutenant Commander Albion C. Hodgson, who was navigator on the Brooklyn and whose testimony is looked forward to with much interest because of his correspondence with Admiral Schley, and Lieutenant C. W. Dyson of the bureau of steam navigation.

Captain Lemly still has quite a long list of witnesses before him, and it is said he will probably not be able to conclude a presentation of the case for the department before the middle of next week.

Lieutenant Dyson, who was on the witness stand Thursday, was recalled and testified as to how long the coal supply of the flying squadron off Santiago would have lasted under a forced draft.

Commander Raymond P. Rogers, who was executive officer of the battleship Iowa during Spanish war, was the next witness. His testimony did not vary materially from that of former witnesses and was not of special importance.

Washington, Oct. 4.—After Lieut. Doyle, formerly of Commodore Schley's flagship, the Brooklyn, had completed his testimony before the Schley court of inquiry yesterday, Captain William C. Dawson of the marine corps was called, and was followed by Lieutenant Chas. W. Dyson of the bureau of steam engineering of the navy department.

Captain Dawson was signal officer on board the battleship Indiana during the naval engagement off Santiago and he gave an account from recollection of the behavior of the various ships of the various ships of the American fleet during the battle. He said the Brooklyn had gone about 2000 yards to the southward before joining in the pursuit of Cervera's ships.

Schley's Retirement.

Washington, Oct. 4.—Next Wednesday Rear Admiral Schley will retire from the active list of the navy by the age limit, and from the present prospects this will take place while the court of inquiry is still in session. His retirement will promote two captains to be rear admirals.

STATE TICKET NAMED.

Josiah Quincy Nominated for Governor of Massachusetts by Democrats.

Boston, Oct. 4.—The Democratic state convention held here nominated the following state ticket:

Governor—Josiah Quincy of Boston. Lieutenant governor—John W. O'Connell.

Secretary of state—Wilmot B. Stone. Treasurer—Joseph I. Chalfoux. Auditor—James F. Dean.

Attorney general—A. A. Putnam.

For the first time in six years the Democracy of the state was united, and with one exception nominated the entire ticket by acclamation. The exception was for the head of the ticket, the contestants being Hon. Josiah Quincy, former mayor of Boston, and Camille Bradford of Wellesley.

The contest was one sided, however, and while it provoked considerable warmth of temper from the Bradford adherents, the vast majority of the delegates did not treat the matters seriously and when the ballots were counted, ex-Mayor Quincy received 1256 and Mr. Bradford 174.

The platform laments the assassination of President McKinley, whose distinguished public and private virtues and the eminent place which he had won among American statesmen are recognized.

Governor Crane Renominated.

Boston, Oct. 4.—The Massachusetts Republican state convention held here today nominated a full state ticket and also presented a platform of principles. Governor W. Murray Crane was renominated by a rising vote.

Unclassified Mineral Lands Open to Actual Settlers.

BIG CLAIM LOCATED.

Parties Will File on Land in Brewster County on Which Are Deposits of Cinnabar—Interest Payments on Lands.

Austin, Oct. 4.—Acting under an opinion which Attorney General K. C. Bell has prepared, and which he will submit to State Land Commissioner Rogan, to the effect that lands which have not been classified by the geological survey as mineral lands, are subject to location by actual settlers as agricultural lands and not subject to rule as mineral lands, parties represented by Judge W. VanSickle of Alpine have just located on a large lot of land in Brewster county. This is in the cinnabar belt and is believed to be worth many hundreds of thousands of dollars, and perhaps millions, should this cinnabar deposits come up to the surface indications.

A large number of similar applications for these lands will soon be made as soon as the opinion of the attorney general on the subject becomes public. The school fund is much the loser by this opinion, as it precludes the sale of the land at anything near its value.

Interest Payments on Land.

Austin, Oct. 4.—This is the last month in which interest can be paid on purchases of school lands, and already the treasury receipts are increasing from this source. Interest receipts now average \$5000 per day, and by Oct. 15 they will easily go to \$10,000 daily and continue that heavy until Nov. 15.

It is estimated that the annual interest receipts amount to \$500,000, which is collectable Nov. 1. The receipts from land leases also approximate \$500,000, but they are paid throughout the year. The lease money is paid every twelve months, but on the date of the execution of the lease, and leases are made nearly every day. It is different with interest payments, they being made on Nov. 1, regardless of the date of the sale of the land.

Some Contingent Expenses.

Austin, Oct. 4.—The contingent expense accounts of the second called session of the legislature have been rendered to the comptroller. The account of the senate with one Austin firm, covering a period of 18 days of the session, shows that \$7.50 was expended for shoe polish, 25 cents for shoe polishing cloth, \$8 for soap, \$2.50 for matches, \$12 for chlorides to be used for disinfecting purposes and \$2.10 for one-half dozen maps. The amount paid for washing towels of the senators and lieutenant governor was \$23 during the second called session.

Three Commissioners Named.

Austin, Oct. 4.—The governor has appointed General T. N. Waul of Neyland, Hunt county; Captain William Christian of Houston and Captain T. A. Hill of Weimar as members of the commission to co-operate with the National Park association in determining the position of Texas organizations in defense of Vicksburg. The appropriation act provides for the expenses of the commission.

Diningroom Girls Strike.

Austin, Oct. 4.—The dining girls of the state lunatic asylum struck Thursday because of alleged insufficient help, there being 13 waitresses for 850 patients.

PRISONER A WOMAN.

She Had Served Nearly a Year in Prison in Male Attire.

Helena, Mon., Oct. 4.—A grand jury was empaneled in Judge Smith's court Thursday to investigate the lynching of James Brady, charged with assaulting a 5-year old girl and who was hanged by a mob early Thursday morning. The judge in instructing the jury said:

"I cannot believe that the mob was composed of any but the lowest element of society, but if you find upon investigation that others took part, I charge you not to allow that fact to influence your final determination. All persons who took part in the killing of Brady are murderers and if you find out who they are it is your duty to indict them."

AGAINST LYNCHERS.

Judge Smith's Severe Charge to the Grand Jury at Helena.

Lincoln, Oct. 4.—For 11 months the officials at the Nebraska state penitentiary have supposed that a prisoner, known as Burt Martin was a man. The discovery that the convict is a woman and that her real name is Lena Martin, was made two days ago by the prison physician. She was tried and convicted at Springfield, as a man for horse stealing. Recently her cell mate intimated to the guards that an investigation would not be barren of developments.

Indicted for Conspiracy.

Chicago, Oct. 4.—Four men, three prominent attorneys and a well known railroad detective, have been indicted here on charges of conspiracy in aiding and abetting Balliff Joseph Lynch, indicted for attempting jury bribing to escape.

Scandal in the Navy.

London, Oct. 4.—The Odessa correspondent of The Times says a scandal like that last year at Sebastopol, which involved 43 naval officers and some high officials, has been unearthed at Batum. Receipts for coal delivered to the Black sea fleet were, it has been discovered, falsified. An inquiry is soon to be begun at Sebastopol and is likely to result in the imprisonment or banishment of several officers.

A Suggestion to Truck Growers.

Only one. I notice in the published reports that the average promised is small—1, 2 or 3 acres, very few over these amounts. Why not more? Why not raise enough to bring a reasonable load to market when you come? Will it not pay better than to take the time to bring a little lapful? Go into the matter to make money and not simply to try an experiment. You may have the quantity too small for fair experiment. Farmer.

THE OPENING ATTRACTION.

Manager Nankeville of the "Human Hearts" company, billed at the opera house Monday night, Oct. 7, announces a virtually new production of the play. He has procured special new scenery to adequately stage it and a company of competent players. He has omitted nothing in the details. A rare performance is therefore assured. After five con-

IMPORTANT CHANGE.

Marginal Readings to Be Substituted for Scriptural by Episcopal Church.

San Francisco, Oct. 4.—The house of bishops of the Episcopal triennial convention has, by a vote of 47 to 21, decided to accept the report of the committee appointed at the last convention to report on marginal readings that may be substituted for present readings of scripture. With a concurrence of the house of deputies the action of the bishops will become a canon of the church in America. From the attitude of bishops on this matter, it is supposed that a majority of the higher house is inclined to be liberal and less orthodox as opposed to desires of those churchmen of both clergy and laity, who desire high church forms and observances and the changing of the name from Protestant Episcopal church to Catholic Church of America.

The resolution in full reads: "Resolved, the house of deputies concurring, that marginal readings of the English version of Old and New Testaments, reported to this house by the joint commission appointed in 1895 and reappointed in 1898 to make such report to be published under the direction of said commission and are hereby allowed to be used by ministers of this church in reading lessons from the holy scriptures in morning and evening prayer."

ALGIERS DRY DOCK.

Will Be Started from Baltimore for Algiers in About Ten Days.

Washington, Oct. 4.—With a general agreement reached by the insurance companies, which is expected on the day fixed by the builders, the largest floating dry dock in the world will start from Baltimore on Oct. 15 on a hazardous trip down the Atlantic and around through the gulf, and up the Mississippi river to its new station at Algiers, La.

A conference has been held this week between a representative of the firm building the dock and Admiral Endicott, chief of the bureau of yards and docks, and an agreement reached to start the dock away. It is said that all the companies having insurance on Oct. 15 and the big basin will float off then.

The work of preparing it for the cruise will begin at once. This dock has a lifting capacity of 17,500 tons and is by far the largest in the world. It is the design of two Englishmen, Clark and Stanfield.

The great mass of steel, inclosed on all sides, is longer, wider and deeper than the greatest warship ever built, and cost the government over \$1,000,000.

Sultan of Jolo Refused.

Manila, Oct. 4.—The congressional party, on arrival at Jolo, was refused an interview with the sultan, who claimed sickness as an excuse. Natives say the sultan is well and that he had other reasons for refusing to receive the visitors.

General Hughes cabled from the island of Samar that Palangiga, where the disaster to company O of the Ninth regiment occurred, is deserted and in ruins and that Colonel Isaac D. Derussy of the Eleventh infantry who, on hearing of the slaughter immediately started for the scene with a battalion, is closely following the rebels.

Will Exact Full Justice.

London, Oct. 4.—"The United States government is determined to exact full justice upon every one concerned," says the Constantinople correspondent of The Daily Telegraph, "and if anything happens to Miss Stone, it will not hesitate to ask permission to bring a fleet through the Dardanelles to get at the Bulgarian ports on the Black sea and to force the Bulgarian government to act against the Macedonian committee."

Medal for Hewitt.

New York, Oct. 4.—A gold medal has been presented to ex-Mayor Abraham S. Hewitt by the Chamber of Commerce in recognition of his service in the cause of underground rapid transit in this city. On the face of the medal is the inscription: "By his genius, benefactor of the city and conservator of public property, aged 78 years." The obverse side bears the inscription: "Chamber of Commerce of the state of New York—Rapid Transit."

Mileage of Railways.

New York, Oct. 4.—Advance sheets of the introduction of "Poores' Manual for 1901" have just been issued. There was an increase in railroad mileage during the year of a little more than 3500 miles, bringing the total mileage completed on Dec. 31, 1900, up to 194,321 miles. The advance sheets show an increase in gross revenue of over \$65,000,000 and a gain in surplus of \$24,000,000.

Murdered in the Calaboose.

Huntington, Tenn., Oct. 4.—A gang of eight or ten men broke into the calaboose here and shot to death a negro named Walter McClellan who had been arrested for an assault committed upon G. B. Dalton, a prominent citizen. The citizens are indignant over the murder and the man who is said to have incited the riot has left the country.

No Evidence to Hold.

Ardmore, I. T., Oct. 4.—The alleged slayers of Deputy Marshal Poe, B. W. and Ben Taylor, George Bruner and an Indian named Yabee, were given an examining trial here and were released, there being no evidence against them. Poe was killed on a train near here while trying to make an arrest.

Receipts for Nine Months.

Austin, Oct. 4.—The receipts of the secretary of state's office for the nine months ending October were \$326,000.

CAUSING UNEASINESS.

Story That King Edward Has Cancer Is Believed by Some.

London, Oct. 4.—The announcement of King Edward's indisposition, with the publication of revived rumors regarding his suffering from cancer in the newspapers of Copenhagen, from which city he has just returned, and where the secrets of the British court are more likely to leak out than elsewhere, is causing some commotion here, in fact, the customary court circular does not appear in the morning papers, adds to the uneasy feeling which is not allayed by an explanation of the king's indisposition given by Sir Francis L. Waing, his majesty's physician. Sir Francis is in no way a specialist and is paying merely a social visit at Valmaal.

A story is in circulation among the clubs, purporting to come from a titled member of the late Queen Victoria's household, giving color to the cancer story and saying court circles are discussing the possibility of no coronation taking place next year.

Summoned to the King.

Aberdeen, Oct. 4.—Sir James Reid, a distinguished physician, who is staying in this vicinity, has been summoned to Balmoral. The Aberdeen Evening News says King Edward is suffering from lumbago.

A NARROW ESCAPE.

Airship Inventor Saved from Drowning by His Life Preserver.

Vienna, Oct. 4.—Herr Kress, inventor of an air ship, has had another disastrous trial flight on the Tullner Bacher reservoir. After going a short distance Herr Kress started his motor at full speed ahead which caused the forward part of the flying machine to rise about 85 centimeters out of the water. On rising in this height the whole machine suddenly lost its equilibrium and swung over to the right. This caused it to fill with water, and it sank like a stone.

Herr Kress, who was alone in the flying machine, was carried down with the ship, but the life preserver he wore brought him to the surface and he was able to grasp the poles, which the officer and engineer held out to him.

The aged inventor, for he is over 70 years of age, was in a very exhausted condition and had sustained some slight injuries.

WOOD BENSON DEAD.

Was First Locomotive Engineer to Run Regular Trains in America.

New York, Oct. 4.—Wood Benson, 95 years of age, is dead at the Alms house here. He went to the Bellevue hospital on June 25 suffering with a scalp wound and asked for treatment. At the hospital it was found that his general health was poor and as he had no one to whom he could refer and no home, he was sent to the Alms house. At that institution Benson told the keepers that he was the first locomotive engineer to run on regular trips in America. He also related many anecdotes of his experience in railroading and gave the names of several prominent men who, he said, had been close friends of his. When he died, some of the men mentioned as living in the city of Washington were communicated with and they at once sent word that they would bury the body of the nonagenarian.

PLEA FOR CZOLGOSZ.

Social Alliance Getting up a Petition for Commutation of Sentence.

Boston, Oct. 4.—Although Governor Odell of New York has stated emphatically that he will not consider any petition for a commutation of Czolgosz' death sentence to life imprisonment, the Social Alliance of this city is circulating a petition of this nature for signatures in Boston. Its secretary is Theodore W. Carlis. The petition is a long one, and includes this sentence:

"The motive of the petition is no sentimental sympathy with a condemned man, much less the upholding of any form of anarchism of which he is said to have been a disciple, but the belief that the ends of justice, the vindication of the law and the higher interests of civilization will be better served by this change in the form of the penalty."

MR. GREEN SERIOUSLY ILL

He Has Been in Failing Health a Long Time at Bellows Falls.

Bellows Falls, Vt., Oct. 4.—Edward H. Green husband of Hetty Green, is reported very ill at the Green homestead here. He has been in failing health for months, but was improved on Monday when Mrs. Green returned to New York after spending the summer here. On Wednesday Mr. Green's condition took a decided change for the worse, complications setting in, and Mrs. Green was hastily summoned from New York. The only son, E. H. R. Green of Texas, is on his way here. Mr. Green was one of the pioneers in the East India trade and accumulated a fortune in the tea business.

Run Over by a Train.

Plano, Tex., Oct. 4.—Eugene Schutte, a young man about 18 years old, of Honey Grove, while trying to get aboard a central north bound fair train as it was pulling out of the station here, fell under the wheels of the coach and was instantly killed. He was a passenger on the train that killed him, returning home from the state fair.

Arm Mangled in a Gin.

Tyler, Tex., Oct. 4.—Malcom Pickel, got his right arm cut to pieces in a cotton gin here. It was amputated near the shoulder and his recovery is doubtful.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get all Dr. G. G. Green's reliable remedies at the Wilson-Jenkins Drug Co.'s store, Bryan. KRUGER IS FAILING.

His Physical and Mental Condition
Gradually Weakening.

DENIES HE IS SICK.

It Is Said His Hatred for Great Britain
Keeps Off the Collapse—The Boer
Losses in the Fight at Fort
Italia Garrison.

The Hague, Oct. 4.—A. D. Wolmarens, one of the Boer envoys who has been visiting Mr. Kruger at Hilversum, found the mental condition of the former president of the Transvaal, to be by no means satisfactory. Kruger is slowly growing weaker, physically and mentally. His slowness in reaching decisions on important questions is found to be a serious hindrance to those working in Europe in behalf of the Boer cause. On the slightest question regarding his health Kruger exhibits intense irritation and vehemently denies anything is wrong. The approach of winter causes anxiety, as Kruger refuses to leave Holland.

According to a remark made by a prominent Boer, the former president's condition would long since been much worse if the hatred of Great Britain did not nerve him to continue.

WAS A FIERCE FIGHT.

Boers Lose Heavily in the Engagement
at Fort Italia.

London, Oct. 4.—A dispatch from Dundee, Natal, to The Times, says the Boer attack on Fort Italia has proven to have been a far bigger engagement than could be gathered from the first reports. The casualties on both sides indicate the fierceness of the struggle.

The Boer casualties are now estimated at over 400. The British prisoners saw 60 Boers buried on farms, and assisted in carrying off 75 wounded.

The Boer prisoners said they expected to find Fort Italia garrison only 100 strong.

The burghers lost more men than in any previous action this year.

There seems no doubt, says the Times correspondent, that the Boers intended a combined invasion of Natal east and west.

It is stated that General DeWet ordered the burghers in the northwestern part of Orange River Colony to concentrate at Talkop, but up to now the only result of the movement has been the isolated invasion of Natal by a small commando, which can easily be driven back.

British officers who were recently prisoners say that General Botha's men and horses are in good condition, but the men's clothing were in a poor state. The British prisoners have been deprived of nearly everything they possessed.

The main body of the Boers is still near the Zululand frontier.

KEKEWICH SURPRISED.

Boers Used Their Cunning Tactics in Attacking Him.

New York, Oct. 4.—Discussing the military situation in South Africa, the London correspondent of The Tribune says:

Colonel Kekewich's force was surprised by Commandant Delarey, as was suspected by military men when the earliest bulletins, bearing the marks of close revision by the war office, were published.

While this engagement supplies fresh proof that scouting is either a lost art or else ineffectual against the steel, the approach mobile and crafty foes like the Boers, the veterans are satisfied with the fine fighting form displayed by Colonel Kekewich's command. They assert that the British army had grown stale while only half employed in watching railways and moving across long stretches of empty country, where the Boers eluded pursuit and would not stand, but that it is now again on its mettle when there is real fighting. Col. Kekewich is regarded by South Africans as a vigilant officer, with a narrow mind and lack of flexibility. While he defended Kimberley successfully, it was Cecil Rhodes who recruited the volunteer force of colonials and imparted courage to the people of the town. Colonel Kekewich did not get on well with Mr. Rhodes, who was the real defender of Kimberley. There is a story that when General French entered Kimberley, Colonel Kekewich asked him to put Rhodes under arrest, but was laughed at. He has been one of Gen. Kitchener's trusted lieutenants, as an experienced officer who thorough understands Boer tactics.

TREASON TRIALS.

It Is Asserted That Ten Boers Will Be Found Guilty.

London, Oct. 4.—The correspondent of The Times at Pretoria says the treason trials have revealed the presence of large numbers of sedition makers who have not only taken the oath of allegiance to the British crown, but who, in many cases, have been receiving relief from the British authorities. In spite of this, they communicated freely with friends in the commandoes in the field, feeling confident that they would be treated leniently if caught. There is no doubt, according to the correspondent, that 10 of the men on trial will be proven guilty.

Where do You Get Off?

It is a wise thing to know when to get off a train, but prudence would suggest that you get off when the train is standing still, as you would no doubt be worth more to your family by doing so.

Now let us help you to decide where to get off. If you are preparing to take your summer vacation, why not get off at Galveston, La Porte, Seabrook or Port Lavaca. Orr trains all stop at Houston and make close connections with G. H. & N. and N. Y. T. & M. railways for points mentioned, and with the San Antonio and Aransas Pass Railway for Rockport, Corpus Christi and Aransas Pass.

All the hotels at these points are modern in their appointments and you will find the sun bathing, boating and fishing, just what you need in the way of relaxation. Local Agents of the Houston & Texas Central Railroad will be glad to quote you rates, or you should write to:
